

Summary of inputs linked to career learning in Yr7.

Gatsby Benchmarks

CDI Framework

Yr7	Personal Development	Excellence Days	Other
HT1	Exploration around personal strengths & areas for development. Linking in secondary transition with emotions and mental health.	Team building skills (OAA at Walesby) – students experience practical activities within their form groups to build essential skills.	UNIFROG (T1) – introduction and exploration into the platform including the careers library
HT2	Developing aspirations and skills. Direct links to a range of careers with considerations for equality, values and enterprise.		Future Skills Questionnaire – gaining insight to student perspective of career learning.
HT3		Community & Sustainability – learning about the eco schools award. Building sustainability through conservation work.	National Apprenticeship week – understanding about sectors and future opportunities.
HT4		Crime Scene Investigator (Learn like a pro) - students learn about investigations through a range of techniques.	National Careers Week UNIFROG (T2) - students to explore careers through completion of targeted quizzes
HT5	Aspirations – what skills do you enjoy developing both at GSA and in the community? Where could these skills make you happy in the future?		
HT6	Financial decision making with a focus on debt and credit (pros and cons). Understanding earnings in relation to living standards.	Excellence Award – reward trip. Students demonstrate meeting the core values through their engagement with GSA opportunities.	UNIFROG (T3) - students to log their activities and experiences as part of their 'profile' building.
